## 2023 Adopted Budget

December 6, 2022

Town Supervisor ~ Matthew Slater  
Town Board ~ Thomas Diana, Edward Lachterman, Sergio Esposito, Luciana Haughwout  
Comptroller ~ Patricia Caporale

The Town of Yorktown is more than a place to live; it is a way of life. A vital location in the War for Independence; it is a township that took its name from the battle that decisively cemented our dominance over the British troops. Yorktown was first settled in 1683 as part of Van Cortlandt Manor, and was incorporated in 1788 as our nation was forming the principles of democracy we live by today. There is no doubt; each of us is a part of the history and responsible for upholding the legacy. These freedoms shall be preserved and each citizen should experience the treasures of nature, history, individual respect, neighborhood and learning. As resources and energy allow, each of these gifts from the past will be enriched in the present for those yet to come.

We, as a Town in the State of New York, shall do our best to strive for  
Progress with Preservation.

Dear Taxpayer,

This marks the third budget that I have proposed as your Town Supervisor. Together we have faced many challenges over the past three years but with strong leadership our community has become a shining example of success. I will always be proud of how we responded to each chapter of hardship that has come our way and I know we will continue to lead from the front and be an example for other municipalities to emulate.

In 2020 when the COVID-19 pandemic struck we made swift decisions focused on protecting the health and safety of our community. We anticipated a significant financial impact and implemented a freeze on non-emergency expenditures to ensure we could successfully manage a pending financial crisis. Thankfully, that crisis did not emerge as expected but the state of the nation's current economy reflects what we had originally anticipated. With national and global inflation soaring to record levels we are facing new financial challenges within town government just as families across Yorktown are grappling with rising costs for basic essentials.

We have seen significant increases in essential operational items such as gasoline, road salt and construction material. Workforce healthcare costs are expected to spike by more than 20% and the lowest bid the Town received to maintain our garbage and recycling service grew by \$1,500,000.

Despite these challenges I am proud to report that this year's budget proposal will reduce both the Town's Tax Levy and Tax Rate for the second time in the past three years. The proposed 2023 budget will also allow us to invest in our Police Department by hiring an additional officer specifically to expand our Traffic and Safety Unit to enhance the safety of our roads.

With approximately 10% of your total tax bill going to your local government, this year's budget proposal once again respects local taxpayers, combats the inflation crisis and maintains Yorktown's strong fiscal health.

We are able to accomplish all of this while investing \$3,000,000 to modernize our Town's water system, nearly \$1,000,000 to upgrade the Yorktown Sewer Plant and more than \$1,000,000 to renovate the Albert A. Capellini Community and Cultural Center.

Serving the Yorktown community is a tremendous honor and I am proud of how our team has continued to protect taxpayers.

Stacy Well,  
Matt Slater  
Supervisor

# CAPITAL PLAN

The mission of a capital plan is to maintain and improve a local government's capital assets over time. It is a blueprint that defines major projects that the Town hopes to undertake and complete over the next five years in addition to the purchase of vehicles and equipment that have greater than a five-year life span. The Planning process includes "must do" projects such as road and bridge repairs as well as the "it would be nice to have" projects such as a new park and / or recreational facilities

This process is based on:

Departmental priorities – Department Heads have the greatest familiarity with their particular capital projects and needs. Asset condition data and the subject matter expertise of the department head need to be taken into consideration.

Departments create project lists that reflect the urgency of needs from an operational perspective.

Fiscal Priorities – This focus is on factors such as the impact projects will have on affordability measures, debt service costs, capital reserve funds, cash flow and operating costs once the project is completed. Funding sources need to be verified and the timing of project costs must be examined.

Executive priorities – The Town Board needs to effectively prioritize all projects and purchases over time so that capital costs fit within fiscal and budgetary constraints

The process prioritizes and ranks projects in order of importance so the Town Board can evaluate requests. The nature and importance of individual projects dictate which must be accomplished in year one and which can be deferred to future years. By creating a multiyear plan, future capital needs can be identified and appropriate resources earmarked for use when needed.

The capital program is updated and modified annually and a new budget developed and approved for the upcoming fiscal year. The Town is responsible for maintaining and improving a substantial portion of our public infrastructure. Creating an effective multiyear capital planning process will help meet this significant financial responsibility without overburdening taxpayers or disrupting vital services.

## PARK AND IMPROVEMENT DISTRICTS

The Town of Yorktown operates six park districts and one lake improvement district.

These districts were created over the last thirty years at the request of residents in each of the geographical areas to improve the quality of life in their particular neighborhood.

Four of these Park Districts ~ Amazon Park, Mohegan Beach, Mohegan Highlands and Shrub Oak Lake Estates ~ are located and operate summer beaches on Mohegan Lake. Shrub Oak Community Beach Park District is situated in the Shrub Oak Hamlet on a widened and dammed part of the Shrub Oak Brook. It also provides a park facility for district resident use.

The Bethel Acres Park District was created during the planning and subsequent approval of the Bethel Acres Subdivision. It is an area of scenic woodlands located on Granville Court in the vicinity of the Franklin Roosevelt State Park.

The Lake Mohegan Improvement District includes most of the homes in the Mohegan Lake Hamlet. It was created solely for the purposes of maintaining and enhancing the quality of waters of Lake Mohegan and its surrounding area.

The use of these areas is exclusive to district residents. Budgets for each of these districts are prepared by the elected district boards and submitted to the Town Comptroller. The Town collects monies through taxes from each of the district residents according to each district's budget.

The Town provides additional services to these districts primarily by the Finance Department who aids with and oversees accounts payable and administers district payrolls. The Parks & Recreation, Highway, Engineering, Legal, Town Clerk and Building Departments, provide assistance as requested to maintain and operate the beach areas.
