

Conservation Board Meeting of March 3, 2010

Kutter filled us in on all the upcoming meetings.

Kutter attended the Advisory Panel on Planning Review Process and gave us an update:

Put on Agenda for next time 3-17-10, to write a Memo to have Bruce Barber come to our meeting and give a Training Session. Checked with Sharon Robinson and he does report to her but on all Stormwater issues he reports to Susan Siegel. So the memo should be to the Supervisor.

Ed Pell attended the meeting. He presented facts about bringing back the American Chestnut that existed until 1903. One in four trees were American Chestnut and he thought it would be a great Arbor Day Project. We took his email address and informed him we would look into it and get back to him.

Dan Ciarcia attended the meeting for a project called Fusco a minor subdivision, we could not comment as we did not have a Quorum to review the proposal. We will revisit the proposal at our regular meeting on March 17, 2010 in order to have comments for the Planning Board Meeting of March 22, 2010.

Meeting ended at 9:00pm.
