Re: Case 22-E-0064 – ConEdison Electric & Gas Rate Hike

Dear Ms. Phillips,

In February, the Yorktown Town Board sent you correspondence in opposition to the requested rate hike by ConEdison for electric and gas ratepayers. As proposed, electric customers would see an 11.2% increase while gas customers would see an 18.2% increase. These increases come on the heels of the Public Service Commission's approval in 2020 of rate increases.

Our local ratepayers are equally as perturbed by the proposed increases and insisted on being part of the public comment process. To that end, we are enclosing a community petition signed by hundreds of ConEdison customers who oppose their requested rate hike.

Lastly, while your agency is holding a virtual public hearing, we once again respectfully request the Public Service Commission organize a hearing to be held at the Yorktown Town Hall to ensure Northern Westchester residents have the ability to express their opinion on this important matter.

Thank you for your time and consideration.

Sincerely,
