Adam,

Doug from Wadsworth Golf Construction Company called me today. He was telling me of their dissolved relationship with Larry Nussbaum due to his lack of professionalism and inability to hire appropriate staff to complete the golf project. In his expert opinion, when they saw the course in 2018 they believed the course would be done within a year. They even went so far as giving RC Recreation \$150,000 to complete the project. Larry also threatened a lawsuit against them as they severed ties due to RC Receptions lack of performance.

Wadsworth Golf Construction Company no longer wishes to with RC Recreation, but the would like to help make sure this golf course does open and they are willing to support the town in our efforts to do so.

Sincerely,

James J. Martorano Jr.

Jim

Great to chat with you and I hope we can stay in touch. As I mentioned, we have know Larry and Frank for many years and have recently told them we will no longer support their efforts due to a lack of professional comittment to the project. We have wished them well and hope that the golf course eventually turns out to be a great asset to the community. Please stay in touch and let us know if we can help down the road when the dust settles.

Sincerely,
