RESOLUTIONS FROM THE MEETING OF 11/20/2012

Resolved, that the Town Board Meeting Resolutions for November 20, 2012 are approved by the Town Board.

DURING COURTESY OF THE FLOOR,

A Town resident spoke about the storm debris and asked why the Town was not picking up tree limbs that are larger than 5 inches in diameter. He stated that the storm took down large trees on his property and he has stacked them up in piles and they have not been picked up by the town.

Supervisor Grace explained that the Town cannot go onto private property and clean up tree branches. The Town will pick up branches that are up to 5 inches in diameter and tied together and placed by the edge of your property.

Highway Superintendent Eric DiBartolo stated that the Town has gone out and marked all the trees that are on Town property with a White X and they will be removed.

Councilman Bianco stated that there are a lot of seniors who can't do this work. He is willing to go out and try to help as many as he can.

Councilman Patel stated that If there is a question whether it is on town property or not, contact the Highway department and they will come take a look.

Westchester County Legislator Michael Kaplowitz wished everyone Happy Holidays. He stated that Yorktown's Holiday Lights Parade was very nice. He also noted that this weekend there will be a Hanukkah Lighting at the Jack DeVito Memorial Field. He spoke about the utility companies and recognized that they did a better job during the last storm but more needs to be done. The County met with both companies and discussed what can be done better. He spoke about the County budget which has a final vote on Friday. He supports a zero percent budget which is the second year in a row. He stated that there needs to be compromise and a bipartisan effort. Times are tough.

Councilman Bianco spoke about special districts and using the surplus to get the budget down to zero. He applauds that but surplus will eventually run out.

Westchester County Legislator Michael Kaplowitz stated that the budget is about compromise and tough choices.

A resident of Jefferson Valley thanked Councilman Murphy and Councilman Paganelli for all their help during the storm. She also thanked Highway Superintendent Eric DiBartolo and Town Clerk Alice Roker. She did note that Jefferson Village needs to do a better job passing along information. She noted that Jefferson Village will be putting a generator in.

Mr. Angelo Franjello stated that there is an abandoned building in the A&P Shopping Center located in Shrub Oak. He stated it is an eyesore and wants the town to do something about it.

Supervisor Grace stated that there is not much the town can do. There is a law we have to follow. We have to find incentives to create a redevelopment of property in the town.

Councilman Bianco thanked Mr. Franjello for cleaning in front of the Jefferson Valley Mall every weekend.

Mr. Ed Ciffone asked the Town Board to give respect to the United Taxpayers of Yorktown during the budget hearing process.

Mr. Bruce Fiorito stated that he feels the garbage contract was poorly written, there was no performance bond required, and the lowest bidder has no experience, no equipment, no trucks. He understands that this saved money but when this company fails who picks up the tab, the taxpayer does. Performance Bonds are based on how a company manages their business, past performance, financials and relates to the overall running of that business. He asked if there was a requirement that all trucks have GPS. He stated that CPR has always done a good job and he doesn't understand why they were left out.

Supervisor Grace stated that the changes in the bid specifications were made to solicit more competition which ended up lowering the bid amount. This is a savings to the taxpayers. He commends the Town Board for taking a bold risk with this and hopefully, this company will be able to perform the contract.

Mr. Bruce Fiorito stated that the current hauler has equipment and experience to do the job. Risks should not be taken at the taxpayer's expense.

Councilman Bianco stated that the new management will be vetted at the next Town Board meeting.

Councilman Murphy stated that there was a million dollar increase last year with the garbage contract, shame on us for not looking out there. This constitutes an \$800,000 savings.

Mrs. Susan Siegel asked how long the Temporary Certificate of Occupancy for the Winery at St. George would be in effect.

Supervisor Grace stated six months and can be renewed after that.

Upon motion made by Councilman Bianco, seconded by Councilman Murphy, Courtesy of the Floor was closed.
