8.1 The Contractor shall, at its own cost and expense, comply with all provisions of the Labor Law (i.e. prevailing rate of wages and supplements), Lien Law, Workmen's Compensation Law and all other federal, state, county or local statutes, laws, regulations and ordinances affecting the Services.

8.2 The Contractor shall certify the payrolls, which shall be provided to the Town with each application for payment. The Contractor shall maintain for a minimum of seven (7) years all records required by federal, state, county or local statutes, laws, regulations and ordinances, including:

- i. Record of days and hours worked by each driver, laborer and road foreman in connection with the performance of this Agreement;

- ii. Schedule of occupation or occupations at which each driver, laborer and road foreman in connection with the performance of this Agreement;
- iii. Schedule of hourly wage rates paid to each driver, laborer and road foreman in connection with the performance of this Agreement; and
- iv. A statement or declaration signed by each driver, laborer and road foreman in connection with the performance of this Agreement attesting that they have been provided with a written notice, informing them of the prevailing wage rates and supplements requirement for the contract.

8.3 The Town shall have the right to inspect and audit all records and other data of the Contractor relating to the Services.

ARTICLE 9. STOPPING WORK OR TERMINATION OF THE AGREEMENT

9.1 Upon the occurrence of any of the following events, which continues for seven (7) days after notice to the Contractor, or if the Contractor cannot cure said default within said seven (7) day period, then provided the contractor does not thereafter diligently and continuously prosecute the cure to completion, the Town may terminate this Agreement:

- a. the Contractor is adjudged by a court to be bankrupt or insolvent,
- b. the Contractor makes a general assignment for the benefit of creditors,
- c. a trustee or receiver is appointed for the Contractor or for any of the Contractor's property,
- d. the Contractor files a petition under the bankruptcy laws,
- e. the Contractor disregards material laws, ordinances, rules, regulations, or orders of any public body having jurisdiction over the Contractor,
- f. the Contractor materially disregards the authority of the Town,
- g. the Contractor violates any material term or condition of this Agreement,
- h. the Contractor and/or any corporate officer is convicted of any crime. The Contractor shall have the obligation to immediately advise the Town if the Contractor and/or any corporate officer is charged with any crime or felony, and
- i. the revocation or suspension of any applicable license required to perform the Services - the Contractor shall have the obligation to

immediately advise the Town if any proceedings have been commenced to revoke or suspend any applicable license required to perform the Services.

- j. The Contractor has been determined delinquent in paying any applicable taxes and there is no *bona fide* contest by the Contractor to said taxes.

9.2 In the event of an emergency such that the passage of seven (7) days to allow the Contractor to cure would result in material prejudice to the Town, the Town may cure said default on its own and if the default is the result of a breach of this Agreement by Contractor, the Town may seek to recover the Town's cost of cure from the Contractor.

9.3 Where the Contractor's services have been so terminated by the Town, the termination shall not affect any rights of the Town against the Contractor then existing or which may thereafter accrue. Any retention or payment of moneys due the Contractor by the Town will not release the Contractor from liability.

9.4 In the event of termination, the Contractor shall be paid (without duplication of any items) for completed and acceptable services executed in accordance with this Agreement.

9.5 The Contractor will have an obligation to report to the Town any material event or circumstance that would bear on or impact on the Contractor's ability to provide the Services in accordance with the terms and conditions of this Agreement.

9.6 If the Contractor defaults or persistently fails or neglects to carry out the Services in accordance with the terms and conditions of the Agreement, the Town, after ten (10) days' written notice to the Contractor and without prejudice to any other remedy the Town may have, may make good such deficiencies and may deduct the reasonable cost thereof, including Town's expenses and compensation for the services made necessary thereby, from the payment then or thereafter due the Contractor. If such expenses exceed the amounts thereafter due the Contractor, the Town may seek to recover such expenses from the Contractor in a court of competent jurisdiction.

9.7 Should the Agreement be validly terminated by the Town, the Town shall utilize the proceeds from the Performance Bond to compensate the Town for any damages caused by the Contractor as a result of a breach of its obligations hereunder.

ARTICLE 10. NO DAMAGE FOR DELAY

10.1 The Contractor agrees that it will make no claim against the Town or any of its representatives for damages for delay, interference or disruption in the performance of this Agreement occasioned by any act or omission to act by the Town or any of its representatives, or occasioned by any act or omission of y other contractor which may have contracted with the Town and further agrees that any such claim shall be fully compensated for by an extension of time to complete the performance of the work as provided herein. Notwithstanding the foregoing, such conduct by the Town or any of its representatives may be relied upon by the Contractor as a defense to a claim of breach by the Contractor.

ARTICLE 11. DISPUTED WORK- NOTICE OF CLAIMS FOR DAMAGES

11.1 If The Contractor is of the opinion that any work required, necessitated, or ordered violates or conflicts with or is not required by the terms and provisions of this Agreement, the Contractor must promptly, within five (5) calendar days after being directed to perform such work, notify the Town,

in writing, of its contentions with respect thereto and request a final determination thereon. If the Town determines that the work in question is contract and not extra work, or that the order complained of is proper, the Town will direct the Contractor in writing to proceed and the Contractor shall promptly comply. In order, however, to preserve its right to claim for compensation for such work or damages resulting from such compliance, the Contractor must, within seven (7) calendar days after receiving notice of the Town's determination and direction, notify the Town, in writing that the work is being performed 01 that the determination and direction is being complied with, under protest. Failure of The Contractor to so notify shall be deemed as a waiver of claim for extra compensation or damages therefore.

11.2 The Contractor is bound by the provisions of all applicable laws, including but not limited to the General Municipal Law and the Town Law, as related to the presentation of claims.

11.3 While the Contractor is performing disputed work or complying with a determination or order under protest in accordance with this Article, in each such case the Contractor shall furnish the Town daily with three copies of written statements signed by the Contractor's representatives at the site showing:

- i. the name of each workman employed on such work or engaged in complying with such determination or order, the number of hours employed thereon, and the character of the work each is doing; and
- ii. the nature and quantity of any materials, plant and equipment furnished or used in connection with the performance of such work or compliance with such order, and from whom purchased or rented.

ARTICLE 12. DAMAGES

12.1 It is hereby mutually covenanted and agreed that the relation of the Contractor to the Town under this Agreement shall be that of an independent contractor. As an independent contractor, the Contractor will be responsible for all damage, loss or injury to persons or property that may arise in or be incurred during the conduct and progress of said work caused by the negligence of the Contractor, the Contractor's agents, or employees. The Contractor shall hold and keep the Town free and discharged of and from any and all responsibility and liability of any sort or kind related thereto, except due to the conduct of the Town or its officers, employees, or agents. The Contractor shall assume all responsibility for risks or casualties of every description, for loss or injury to persons or property arising out of the nature of the work, from the action of the elements, or from any unforeseen or unusual difficulty. The Contractor shall make good any damages that it causes in consequence of the work or any part of it. The Contractor shall assume all blame, loss, and responsibility of any nature by reason of its neglect or violation of any federal, state, county, or local laws, regulations, or ordinances.

ARTICLE 13. ESTIMATES AND PAYMENTS

13.1 As the Services progresses but not more often than once a month and then on such days as the Town shall direct, the Contractor will submit a requisition in writing of the amount and value of the work performed and the materials and equipment provided to the date of the requisition, less any amount previously paid to the Contractor.

13.2 As a condition to the making of any progress payment as set forth in this paragraph, the Town, in its sole discretion may require the Contractor to submit such document as may be reasonably required.

13.3 Together with its application for payment, the Contractor shall also deliver to the

Town a verified statement certifying that all claims or liabilities arising from the work completed to date, including all charges for Extra Work, Change Orders, additional time, damages or credits (collectively referred to as "claims") have been presented to the Town. All such claims shall be described in sufficient detail so as to be easily identified. The Contractor's failure to include an item on the verified statement of which the Contractor has knowledge shall constitute a full and final waiver of all such claims against the Town from the beginning of the Agreement term through the date of application for payment. The presentation of the verified statement to the Town shall not constitute an acknowledgement by the Town that any such claim is valid. The Town expressly reserves its right to assert that any such claim(s) is waived or precluded by reason of other provisions of the Agreement. Only claims particularly identified on the Contractor's verified statement shall be preserved; all other claims whatever nature shall be deemed waived and released. It shall also submit proof of title of the materials and equipment covered by the contract.
