Town Board Referral dated August 12, 2024 with associated documents	Diana Quast, Town Clerk

The Advisory Board on Architecture and Community Appearance reviewed the above referenced subject at their meeting held on Tuesday, September 3, 2024. The proposal is to amend the section of code pertaining to "Recycling Facilities". The ABACA has the following comments:

1. The original code does not appear to address some of the issues that are pertinent to the establishment of such a facility and therefore the law should be updated to enhance and include additional requirements and restrictions as appropriate and specifically related to activities occurring outdoors, vehicle movements, and times of operation to maintain and protect the health, safety, and welfare of the public.
