Re: Proposed Land Donation

The Yorktown Recreation Commission is in receipt of the email dated August 15, 2024 regarding a possible land donation at 3266 Lakeshore Drive Yorktown Heights, NY.

The Yorktown Recreation Commission is not opposed to a land donation that results in additional green space. However, we are opposed to the Parks Department having the responsibility of maintaining said property, especially if the maintenance expense is born solely by the existing parks budget without change.

Respectfully,
Matthew J Talbert
