Subject: Flouride

Good afternoon,

I wanted to express my sincere gratitude for the board's decision to pause and amend the code for water fluoridation of our town water. This way everyone has a choice and nobody is forced to ingest unknown amounts of this chemical. What a relief not having to worry about this in our drinking, cooking, bathing water. Thank you for not putting an unjust, outdated "rule" ahead of all of our town's health and wellbeing.

Best regards,
Helena A.
