Subject: [Diana L. Quast, MMC] Water Fluoridation

Juliet Jacobs  sent a message using the contact form at <https://www.yorktownny.gov/>.

I am writing to support the return of water fluoridation to our town. We are a family of four including two school-aged children. Their lifetime of good oral health is paramount. Please trust the scientists who strongly recommend water fluoridation for town water, and have done for decades based on robust US-based research.

Thank you,
Juliet Jacobs
